

Rules of the game

CONSCIOUS of your surroundings, respect and tolerance towards other festival-goers, that goes without saying but what goes well without saying, goes even better when you say it.

OPENING is on Friday the 18th of August at 4pm and all festival-goers will have to leave by Sunday the 20th of August at 8pm at the latest.

IN LIFE, you can't do anything you want and same goes at illusion. Glass bottles are strictly forbidden, no drug deals will be allowed on the site, no camp fire tolerated, fireworks or firecrackers of any kind are prohibited, same goes for independent sound systems and the use of chainsaws or any kind of wood-cutting devices.

NURTURE and hydrate yourself, on site local food stalls and water bottles will be available (beers too but we're talking about hydration here, stay focused!)

CONSERVE your bracelet at all times, any person caught entering illegally will be removed from the festival immediately.

INFORM yourself, we're assuming everybody will have read this nice little text.

DON'T PANIC! Volunteers, security and emergency services will be there on site, you'll still have to set up your tent though.

ENTIRELY open to everyone! However as per the law, no alcohol will be serve to underaged people and pets are not allowed on site.

NATURE, in the wild most of us do rekindled their Robinson soul but as we want to keep the site well maintained please do use the toilets available and not the forest.

CONNECT yourself, we strongly encouraged everyone to check out all artists and partners attending and share this with other fellow humans around.

ENVIRONMENTALLY friendly, think green (recycle, collect and reuse), flask and portable ashtray are strongly recommended.

STAY safe and have fun!
